

# IN THE MEANTIME

We pray through nights of pouring rain,  
And laugh in days of sunshine.  
When it gets hard to face the pain,  
We smile in the meantime.

We work so hard throughout the day,  
Still debts fall further behind.  
But faith in God will make a way,  
So we smile in the meantime.

Life may not go as we have planned,  
But still, we carry on.  
The past has helped us understand  
That God's love will keep us strong.

We have enough when things are tight,  
We have enough to share.  
We know that after midnight,  
The morning will be there.

There may be days of sorrow,  
But happiness is divine.  
So we can be sad tomorrow,  
But we'll smile in the meantime...
